

# Multi Gas Leak Detector

Model MGD-2002

# MODEL MGD-2002

## MULTI-GAS LEAK LOCATOR

- Pinpoint accuracy with sensitivity from 25 PPM
- Operates in automatic (survey) mode or manual mode
- Utilizes either Helium or Hydrogen as a tracer gas
- Field replaceable moisture removing cartridge in wand
- Lightweight, telescoping ground probe with boot
- Rapid charging Ni-MG battery with AC and car adaptors

With only a 30 second Power-On self test the MGD-2002 Multi-Gas Detectors is ready to go when you are!

Convenient and easy to use, the MGD-2002 is designed for one-handed operation of all functions. Equipped with a tactile membrane keypad, all selections are easily confirmed with a distinctive "click" and the backlit display can be viewed in all light conditions. The MGD-2002 is supplied with a built-in headphone jack for use with the audio indicator.

The MGD-2002 is equipped with a rechargeable Ni-MG battery pack that provides over 8 hours of use per charge. Operating life can be further extended with an additional battery, available as an accessory, which can be installed in seconds. In addition, the MGD-2002 can be recharged with the AC or car adaptors included in the kit.
